This controlled document is maintained under the Goodness Gardens Food Safety & Quality Management System and the PrimusGFS audit scheme. It must be reviewed at least annually, after any deviation or audit finding, and whenever processes, products, or regulations change. Printed copies are uncontrolled.

1. Objective

Food defense and food fraud controls at the farm/greenhouse level.

2. Scope

All growing locations and farm inputs.

3. Responsibilities

- Farm manager; FSQA verifies annually.

4. Procedure

- Greenhouses and chemical/fertilizer storage are locked outside working hours.
- Water sources (wells, tanks) secured and inspected.
- Inputs purchased only from approved suppliers; deliveries verified against orders (fraud control).
- Unfamiliar persons challenged and reported; visitors escorted.
- Annual review with the site food defense assessment (1.08-01R).

5. Records

- Inspection records; visitor logs; annual review.
